**CEQA Project Manager / Client Services Manager
San Francisco, CA**

We are seeking an experience Senior Environmental Scientist / CEQA/NEPA Specialist to act as the Project Manager for a portfolio of energy, water and development related projects throughout the California region.

The ideal individual would have at least 8 years experience acting as a Project Manager overseeing and managing CEQA/NEPA compliance and permitting projects related to traditional and renewable energy (wind, geothermal, and transmission lines), water, and infrastructure development. Must have previous experience in managing projects with scopes of work \$500,000+, managing multi-disciplinary personnel, developing proposals, scopes of work, and conducting business development and client relationship activities for the organization.

Requires a degree in Environmental Science, Biology, Planning or related discipline. Excellent verbal and written communication abilities and desire to work on challenging and diverse regulatory compliance, mitigation monitoring and permitting projects.

For consideration please forward resume or contact directly:
