

HDR, Inc.

Environmental Planner / Environmental Scientist II

Sacramento, CA 95837

HDR is an employee-owned architectural, engineering, planning and consulting firm that excels at helping clients manage complex projects and make sound decisions. Approximately 7,400 professionals, including architects, engineers, consultants, scientists, planners and construction managers, in more than 165 locations worldwide, pool their strengths to provide solutions beyond the scope of traditional A/E/C firms.

Job Description:

HDR / SWRI are in search of an Environmental Planner / Environmental Scientist II to join our growing Sacramento, CA group. The primary duties of the Environmental Planner/Scientist II include collecting project related data which may include research, interviews with government agencies and clients, map reviews, field investigations for wetlands, land use, etc. Conducts environmental impact assessments and assists with CEQA/NEPA documents and/or constraints analyses. Assist in preparation for and participation in public information meetings and hearings. Assist public and private clients with permit coordination and compliance for wetland impacts, threatened/endangered species, etc.

Experience Required:

- BS/BA degree in Environmental Sciences (or related field).
- 4+ years' technical and or field experience preparing environmental documents.
- Proficient with MS Office (Word, Excel).
- Knowledge of data collection, interpretation, reduction, analysis, and presentation; working knowledge of CEQA, NEPA, and ESA.
- Strong environmental writing and communication skills.
- Strong conceptual, organizational, problem solving and research abilities.
- Ability to work independently and as part of a team.
